**For most Swedes the island of Gotland is a synonym for freedom**, and they "celebrate" their summer with no greater intensity elsewhere. It is also, however, a place of meditative peace. Together with Polish trumpeter Tomasz Stanko, and organists Anders Eljas and Claus Bantzer, Nils Landgren created music of great "inner-strength". The session is recorded in church - the most peaceful concert hall one can find. "Gotland" is the other side of the Nordic trombone funk-master.
